To be listed on TAS we require details about you, your company and your solution so that we can ensure we only list solutions that meet our criteria. Should you have the information to hand the form below should take 10 mins or so to complete in a single session. Please note for your own security the form does not save prior to submission should you close down your browser or computer and therefore you're best to complete all at once to avoid losing your entries.

Please note all submissions are manually reviewed which we aim to complete within 5 days and if we need any more information or clarification we'll come back to you asap. On approval your solution will be immediately live on the service and we'll let you know as soon as it is.

Criteria :In order to be reviewed and available on the Technology Adoption Service, a software product must be:

- ✓ Associated to a specific software vendor with a registered entity, has been trading for at least 2 years and is able to supply evidence to confirm financial status
- ✓ Available for access and use, either from a customer accessible distribution medium and install process on some premises, or as a cloud or hosted service.
- ✓ Compliant with and adherent to best practice standards for GDPR and data protection, cyber security, accessibility, and modern slavery
- ✓ Fall outside of the grounds for exclusion, which can be accessed [here](#).
